MEMORANDUM

SUBJECT: Executive Council Meeting on 5 September 1975

Mr. Proctor chaired. Substituting were Messrs. [] and Devlin.

1. [] introduced [] of the Office of Security who briefed on the new DCID 1/7 which prescribes new control markings. The DCID, which becomes effective on 5 October, was designed to make clearer to the recipient of a report the precise nature of controls on its further dissem. Headquarters regulations are being rewritten to incorporate the provisions of the DCID.

2. Harry Eisenbeiss said CRS expects major difficulties in implementing the DCID. He said he had a long list of questions; but rather than discussing them at this Executive Council Meeting, he would like [] to meet with CRS as soon as possible. Mr. Parmenter said OCI would also like to have a session.

3. In answer to a question as to what was being done within the DDI to prepare for the new procedures, [] said he believed [] was in touch with DDO on what needed to be done. [] said that [] had not been given any such assignment and it became clear that nobody in the Directorate was working on the problem. It was decided that the appropriate people within the DDI would get together, map out an approach to implement the DCID, and report back to the Executive Council at an early date.

Chief, DDI Executive []
